BYOD Graduate Path

POC built in BYOD Immersoin Day

1. Amazon Athena

Amazon Athena Immersion Day

- ☐ Will your team query data lake often?
- ☐ Are your queries simple and not bound by SLA for fast response?

https://athena-in-action.workshop.aws

2. Amazon QuickSight

QuickSight Immersion Day

- ☐ Do your business/data analysts need upskilling in QuickSight?
- ☐ Do you need to build multi-tenant dashboards for your customers?

https://learnquicksight.workshop.aws/en/

3. Amazon Redshift

Amazon Redshift Immersion Day

- ☐ Do you query latest data more often and need fast response?
- ☐ Do you perform complex SQL queries?

https://redshift-immersion.workshop.aws/

4. Amazon EMR

Amazon EMR Immersion Day

- ☐ Do you need lower level control than AWS Glue on your Spark jobs?

https://emr-etl.workshop.aws/

5. AWS Data Lab

Customized POC for your use case

- ☐ Do you need one-to-one engagement with your team to customize your POC and prepare for production?

https://aws.amazon.com/aws-data-lab/

6. AWS ML Lab

Enrich your POC with ML

- ☐ Is machine learning is the core of your use case?

https://aws.amazon.com/ml-solutions-lab/
